Councillor,
I am unable to attend this meeting due to a conflict. Further to my brief meeting with Michelle from your office this morning, I have re-formatted and added minor edits to your previous draft motion so that it only addresses a curfew.

As recommended this morning, you may wish to obtain information from law enforcement colleagues at the OPS to see how and whether such a proposed curfew would benefit or impede ongoing police operations.

I am taking the liberty of copying the Deputy City Clerk for awareness about this potential motion.

Thanks,
Valérie

Subject: Curfew motion

When: February 07, 2022 10:00 AM-10:30 AM (UTC-05:00) Eastern Time (US & Canada).

Where: Microsoft Teams Meeting

To discuss a motion to petition the province to propose a curfew for the city of Ottawa (within the red zone/downtown core)

Curfew By-law in the red-zone and tickets \$1000 to \$6000.

This part of the motion, imposing a curfew and directing ticketing would appear to interfere with an ongoing police operation in relation to the red zone. The legislative mechanism for curfews in Ontario is found under the EMPCA and is within the powers of the Province (not municipalities). As such, a municipality seeking to use its general powers under the *Municipal Act, 2001* to impose a curfew would likely be challenged based on conflict with the EMPCA and the *Charter of Rights and Freedoms*. Furthermore, as described above, the range of fines suggested for tickets (\$1000 to \$6000) is not permitted under Ontario's *Provincial Offences Act* (tickets cannot exceed \$1000).
